I enjoy my time in the living room. There is a pink couch and a smart television. I can watch my favorite movies and dramas during the weekend.

**Our dining room is a part of our house where we eat meals prepared by our mom. She often makes hot meals and different kinds of dessert.**

Grandma and grandpa love to sit on a bench in the garden. There are many beautiful flowers such as roses and begonia. There are lovely butterflies, as well.

**My bed is pink in color. My brother's bed is blue. I like my bedroom so much because it is clean and cozy. I sleep well with my cute teddy and soft pillows.**

My mom and my sister love to stay in the kitchen. This is where they prepare and cook our everyday meals. In the kitchen, there are pot, pans and other kitchenware.
