

The Little Red Hen

The hen is in the yard.

She sees a seed on the ground.

She picks it up with care.

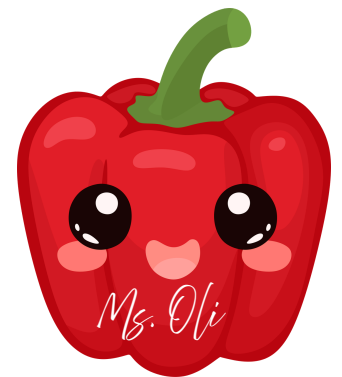

She digs a small hole.

She puts the seed in the hole.

She waits for the sun and rain.

A green plant starts to grow.

The hen smiles at her plant.

A Day at Home

I am at home with my mom.

We sit by the table.

She has a book in her hand.

I look at the big red page.

We read the words out loud.

I say the words with her.

It is fun to read each day.

I feel glad and proud.

The Big Box

I see a big box on the floor.

It is brown and wide.

I open the box with care.

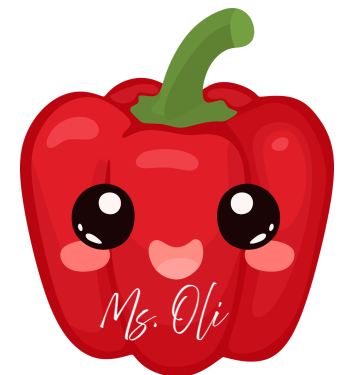

I look to see what is in it.

I find a toy car and a doll.

I take them out one by one.

I play with them all day.

I put them back in the box.

Fun at the Farm

We go to the farm today.

I see a cow in the field.

The cow eats green grass.

I see a pig by the pen.

The pig likes to run and jump.

I see a hen with her chicks.

They walk in a line.

I have fun at the farm.

The Yellow Sun

The sun is big and yellow.

It shines in the sky.

I look up at the sun.

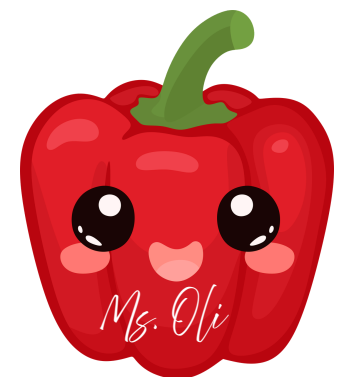

It makes the day bright.

I feel warm on my skin.

I sit under a tall tree.

I drink a cup of water.

I rest and feel good.

A Good Friend

**I have a good friend.
We play side by side.
We run and we hop.
We laugh all the time.
We share our food.
We help each other.
We learn new things.
I like my good friend.**
